Message from the Chairs

Sam P.
Most, MD

We invite you to join us in beautiful San Diego--an idyllic city of perfect weather, gorgeous beaches, and a wealth of attractions for visitors--as we host the 2014 *Rejuvenation of the Aging Face* meeting. We encourage you to enjoy the surroundings and the Manchester Grand Hyatt, a first class facility.

Keith A.
LaFerriere, MD

Our program has incorporated many of the Masters of Facial Rejuvenation from multiple specialties: facial plastic surgery, dermatology, plastic surgery, and oculoplastic surgery are all represented. We have incorporated interactive, multi-disciplinary learning sessions to enhance the experience for our attendees.

We are incorporating principles of evidence-based medicine into our program as much as possible.

H. Devon
Graham, MD

Finally, we have several live demonstration programs and a rich dissection course, taught by the masters, to enhance learning. Our goal use interactive learning to enhance and deepen participants' understanding of the three-dimensional

approach to facial rejuvenation. Hopefully you will leave with some new tools, a fresh outlook, and some happy memories of your stay in lovely San Diego.

Fundamentals Learning

Because they have been very popular in the last two meetings, we are pleased to, once again, offer two sessions focusing on the fundamentals of the aging face presented by some of the most respected and experienced surgeons in the field. Whether you are just starting to incorporate aging face surgery into your practice and want to learn from the masters or whether you are a 20 year veteran surgeon who wants to reinforce the solid foundation of your knowledge base, these sessions are for you. We have master facial plastic surgeons speaking about basic concepts on day 1. On day 2, we feature an Aging Face Laboratory. Other demonstrations will be techniques that you have always wanted to try but needed to see it live from the source. These courses will round out and deepen your understanding of the aging face in ways that make the remainder of the course more meaningful. Spanish translation will be provided for both of these sessions.

About the Course

Rejuvenation of the Aging Face

The Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS Foundation) presents this unique course which will showcase the knowledge and expertise of world renowned surgeons from the specialties of facial plastic surgery, plastic surgery, ophthalmology, and dermatology. Trend setting techniques in eyelid surgery, brow, forehead, and face lifting, laser resurfacing, rhinoplasty, implants and fillers will be addressed. Edited surgical videos will be incorporated throughout the course. A live demonstration of different fillers and a cadaver lab will take place as well.

Target Audience

The course is offered for continuing medical education of medical students, residents, fellows, and practicing physicians (MDs and DOs) in the field of facial plastic and reconstructive surgery. The program is for physicians with all levels of experience and covers aesthetic, reconstructive, and congenital issues relevant to this specialty.

Accreditation and Credit Designation

The Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The AAFPRS Foundation designates this continuing medical education activity for up to 37 credits (for the didactic portion) and 8 credits (for the lab) in Category 1 of the Physician's Recognition Award of the American Medical Association.

Learning Objectives

At the completion of this course, the participant should be able to:

- Describe the relevant factors involved in patient selection for facial rejuvenation surgery
- Discuss the various techniques available for facial rejuvenation
- Contrast traditional lifting and contemporary filling methods for rejuvenating the brow, eyelids, midcheek, face and neck
- Differentiate between the various injectable filler and neurolytic materials and their applications
- Discuss complication avoidance and treatment related to facial rejuvenation surgery
- Explain the current state of evidence in facial aesthetic surgery

ABOUT THE AAFPRS

ITS HISTORY

The American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS) was founded in 1964 and represents more than 2,500 facial plastic and reconstructive surgeons throughout the world. The AAFPRS is a National Medical Specialty Society of the American Medical Association (AMA). The AAFPRS holds an official seat in the AMA House of Delegates and on the American College of Surgeons board of governors.

ITS MEMBERS

The majority of AAFPRS members and fellows are certified by the American Board of Otolaryngology-Head and Neck Surgery, which includes examination in facial plastic and reconstructive surgery procedures, and the American Board of Facial Plastic and Reconstructive Surgery. Other AAFPRS members are surgeons certified in ophthalmology, plastic surgery, and dermatology.

ABOUT THE AAFPRS FOUNDATION

In 1974, the Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS Foundation) was created to address the medical and scientific issues and challenges which confront facial plastic surgeons.

The AAFPRS Foundation established a proactive research program and educational resources for leaders in facial plastic surgery. Through courses, workshops, and other scientific presentations, as well as a highly respected fellowship training program, the AAFPRS Foundation has consistently provided quality educational programs for the dissemination of knowledge and information among facial plastic surgeons.

In the early 1990s, FACE TO FACE humanitarian programs were established so that AAFPRS members could use their skills and share their talent in helping the less fortunate individuals here and abroad.

- FACE TO FACE: International brings AAFPRS members to third world countries where they treat children with facial birth defects and anomalies.
- FACE TO FACE: The National Domestic Violence Project allows AAFPRS members to perform surgeries on survivors of domestic abuse here in the United States, who have received injuries to their faces.
- The newest member to FACE TO FACE is FACES OF HONOR. This program offers free surgical care for soldiers who have been injured in the line of duty in Iraq and/or Afghanistan.

Registration

The registration form and payment must be received in the AAFPRS Foundation office by Friday, January 10, 2014 in order to qualify for the pre-registration fee. After Friday, January 10, 2014, you will be charged the on-site fee.

Registration fees for physicians, OFPSA members, allied health professionals, and spouses and guests include a badge; on-site program; attendance to all the sessions (unless there is an additional fee involved); entrance to the Exhibit Hall; lunches, morning and afternoon breaks; and the Welcome Reception. Spouses/guests who do not register for the meeting but wish to attend the Welcome Reception, may purchase a ticket for \$75. The spouse/guest fee carries no acknowledgement of course attendance.

ON-SITE Registration

On-site registration will begin on Tuesday, February 4, 2014 and will continue until Saturday, February 8, 2014.

Cancellation policy

Full refunds less a \$75 cancellation fee will be honored before Friday, January 10, 2014. After this date, no refunds will be granted. No shows are considered to be an on-site cancellation and therefore will not be eligible for any refunds. A cancellation requires written notification.

Registration categories

Physicians

Physicians (MDs and DOs) who wish to receive CME credits must register as physicians in the appropriate registration category and designate their medical degree.

AAFPRS members: Members who meet all membership requirements and have paid their 2010 dues. Physicians who are members of the societies that comprise the International Federation of Facial Plastic Surgery Societies (IFFPSS) fall under this category. (See registration form for list of societies.)

Non-members: Physicians who are not currently members of the AAFPRS or any society affiliated with the IFFPSS. (See registration form for list of societies.)

Residents: Member and non-member residents in an ACGME-accredited residency program. Verification of residency from program director must be submitted at time of registration.

Fellowship Participants: Fellows participating in an AAFPRS Foundation fellowship program between July 1, 2013 and June 30, 2014.

Non-physicians

Spouses and Guests: A spouse, guest, relative or an individual accompanying a registered physician for social and food functions only. Spouses or guests who wish to attend the scientific sessions and courses, should register under the Allied Health Professionals category.

OFPSA Members: Facial plastic surgery assistants who are members of the Organization of Facial Plastic Surgery Assistants (OFPSA) should register under this category.

Allied Health Professionals: Non-MDs and non-DOs such as medical assistants, office personnel, nurses, aestheticians, and physician assistants, must register under this category to receive a letter of attendance.
